

Oklahoma State University – Tulsa Library
THE MICHAEL WALLIS – ROUTE 66 COLLECTION

The Michael Wallis - Route 66 Collection, housed in 31 legal-sized document boxes and one oversize document box, is grouped into 3 series: **Series I** consists of travel brochures; maps; tourist information; articles pertaining to various cities, towns, people and sites along the route; events and celebrations; and memorabilia. **Series I** also includes the category, “All Around,” containing general material about the Route. **Series II** consists of material pertaining to the Route 66 Associations affiliated with each state. **Series III** consists of correspondence with prominent individuals, institutions and organizations, as well as friends and fans along the route—this series is currently unprocessed.

The collection is grouped alphabetically by state followed by “All Around.” Material for each state is arranged alphabetically by subject or name. This is followed by the Route 66 Association material, also arranged alphabetically by state.

The collection was a gift to the OSU-Tulsa Library by Michael Wallis and was organized by M. Burkart.
